SHOCK IN SCHENECTADY

SCHENECTADY, N. Y., Feb. 3.—A distinct earthquake shock was felt here. Reports from all sections showed houses were shaken, windows and dishes smashed and persons thrown out of bed.

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

"ARRESTED AS A SPY."

That is a fate that will never overtake you if you do your foreign sight-seeing "the Burton Holmes way." This great world-traveler will show you the most interesting and worth-while things in thirty-six different cities and countries of Europe and the Orient, as well as our own great scenic wonders. He makes travel easy and inexpensive and his plan involves none of the bother and discomfort that are inseparable from the ordinary boat-train-hotel-and-bus arrangement. If you've never tried it, you have a delightful experience in prospect.

Why not make 1916 a red-letter year by investing in the Burton Holmes Travelogues—the great travel classic?

A Big Step Toward Health

is right eating.

To keep body and brain at their best, Nature demands certain nourishing elements which are abundantly supplied in the field grains.

These vital salts, often lacking in the daily dietary of many, are retained in

COUNTY and STATE NEWS

REALTY TRANSFERS NUMEROUS IN THE COUNTY FOR JANUARY

That Prosperity is Rampant in Real Estate Circles is Proven by Number of Instruments Recorded.

TOMBSTONE, Feb. 3.—(Special)—That there is a condition of prosperity existing in Cochise county is very evident from the real estate transactions that are taking place daily in all parts of the county. It is not confined to any one part but all sections of the county are listed in the transfers.

During the month of January there were filed in the office of County Recorder Murphy 127 deeds of real estate. The amount of the considerations of the deeds amounts to nearly \$50,000. There were 52 mortgages recorded which is also another evidence of prosperity showing the people have money to lend on good security. There were 73 mining locations, twelve mining deeds; thirty proofs of labor performed on mining claims, one mining patent and twelve patents for homestead lands.

The report of Recorder Murphy shows that there were 525 instruments recorded that returned fees to the amount of \$889.65 which is above the average monthly amount of fees.

Clerk's Fees.

The report of the clerk of the superior court, J. E. James, for the month of January, shows that there was collected in his office the sum of \$791.79. The fees collected from civil cases filed amounted to \$377.20, from cases admitted to probate, \$244.19; from marriage licenses, \$92.00; and from miscellaneous sources \$78.40. The office is a revenue producer for the county and last month will not to the county nearly \$300.

Sheriff's Fees.

The report of Sheriff Wheeler for the month shows that there was collected for civil fees and mileage \$164.49; in fines \$100 and \$512.50 from the collection of licenses, making a total of \$776.90. The recent reduction made by the legislature in the amount of fees to be charged in the service of civil papers not only reduces the receipts of the sheriff's office but in many instances fails to half pay the expense that is necessary incurred in making the service. In going out in the county to serve papers it does not cover the cost of transportation, to say nothing of the time of the deputy and his expenses for meals and lodging.

The report shows that there were 19 show licenses issued; 17 pool and billiard licenses; one bowling alley; three pawnbrokers and one traveling peddlers license.

Assessor's Office.

County Assessor Edwin Hughes had no report to render to the board this month on account of just having got fairly started on his work. The present month will show a large collection in the receipts of road taxes as he has already sent out to the various companies operating in the county the receipts of the men in their employ and the money will be deducted from the first pay day in this month so that the road fund will have several thousand dollars added to it. The office will also show the receipt of a considerable amount in the collection of personal property taxes.

Supervisors' Office.

Clerk of the Board of Supervisors A. C. Karger, is at work on his report to be read to the board at their meeting on Monday next. He will not only have the monthly report but will be able to have his annual report for the year 1915. This report will be quite lengthy and will be a resume of the entire expenditures and receipts of the various offices of the county for the past year and will contain much valuable information for the benefit of the tax payers of the county. A summary of the report as rendered will be published in these columns as soon as it is presented.

Making Appraisements.

County Land Appraiser Fred Bennett, with members of the State Land Commission are at work in the northern part of the county making appraisements on a number of sections of land and the improvements thereon that has been requested by the present owners. A ten day's notice is generally required but it may be waived by the parties that are interested. After the appraisement is made a report is made showing the appraisement that has been made and it is sold at public auction after a ten weeks' notice has been advertised. In case the appraisement does not meet with the approval of the owners of the improvements he has the right to appeal by taking the matter into the superior court. A number of appraisements will be made by the commissioners in the vicinity of Servoss, Wilcox and San Simon on their present trip. The notice of these appraisements has been made through the board of supervisors' office, who is compelled by the law to set the dates for the appraisement. It is now expected that the commissioners will be kept busy for several months in clearing up the appraisements that are being asked for.

SCHOOL MEETINGS IN TOWNS OF COUNTY WILL BE HELD SOON

Miss Lintz, Superintendent of Schools for the Subdivision, Sends Out Letters Outlining Subjects.

TOMBSTONE, Feb. 3.—(Special)—The county school superintendent, Miss Minnie Lintz, is sending out the following letter to teachers and trustees suggesting and outlining meetings to be held at Wilcox, San Simon and Benson, which is self explanatory: Tombstone, Ariz., Jan. 31, 1916.

To the Teachers and Trustees:

Enclosed please find a list of subjects—Some are for discussion, others merely suggestive.

Meetings are to be held at the following places:

Feb. 5th—Wilcox Union High School.

Feb. 12th—San Simon School Building.

Feb. 26th—Benson Union High School.

All the teachers of schools in the vicinity of the above places are urged to be present. These meetings will be conducted in a very informal way and hope all teachers will be free to enter into the discussion. If you are unable to attend the meetings please write me at my office on the following subject: "What I am doing for School District No.—"

Feb. 10th a meeting will be held at Bisbee High School. All the teachers of the county are invited but particularly all High School teachers and those teaching advanced subjects.

The topic of general interest will be—"Shall we organize a Schoolmasters' Club in this county?"

Common Schools.

Teachers of Primary Reading.

What method do you advocate and why?

Relative values of the studies in the grades.

Time devoted to each subject.

High School.

Uniform texts and outlines of subjects.

Junior High School.

After the five-months reports are in, meetings will be held at Pearce and McNeal to discuss the organization of Union High Schools in those localities.

ENGLISH NOTE EXPECTED.

LONDON, Feb. 3.—England's reply to the African note on the British blockade is expected to be delivered within ten days. A note was recently presented to Ambassador Page by the Foreign Office which explained that the reply to the American note on the detention of mails will be delayed while the other allied powers, especially France, are being consulted. It is equally applicable to the British note on the blockade policy, which is now in the hands of the French government.

DENIES HIS GUILT.

ALBANY, Feb. 3.—Harold Severy, the youth arrested in connection with shooting four persons, one fatally Friday night, who last night confessed that he wounded at least one of them, plead guilty to a charge of first degree assault. He asked time to communicate with his mother in Los Angeles. He was held without bail. The hearing is scheduled for Friday. A commission will determine his mental condition.

WOMAN SO WEAK COULD NOT SLEEP

Made Well by Lydia E. Pinkham's Vegetable Compound.

North Oxford, Mass.—"I had lost three children and I was all run down and so weak I could not sleep at night. My eyesight would leave me and everything I ate upset my stomach. I was very nervous and if I would start to sleep I would have to stop and lie down before I could finish. I was looking over the paper one day and read of a woman who felt as I did and took Lydia E. Pinkham's Vegetable Compound, so I took it too. Now I am proud to tell you I am feeling fine and have given birth to a boy baby. He is my 'Pinkham' baby. I keep a bottle of Compound in my house always."

Mrs. PETER MARCO, Box 54, North Oxford, Mass.

Sleeplessness, indigestion, weakness, and nervousness are symptoms which indicate a lowered vitality of the female organism, and the tonic, strengthening properties of the good old fashioned roots and herbs, contained in Lydia E. Pinkham's Vegetable Compound, are just what is needed by every woman who is in Mrs. Marco's condition.

For free advice in regard to any annoying symptom write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

MURPHY CASE GIVEN TO JURY; CIVIL SUITS BEGIN NEXT MONDAY

Murder Case from Douglas is Sent to the Jury. Arbor Day Prevents Holding of Any Court.

TOMBSTONE, Feb. 3.—(Special)—The case of the State vs. Michael Murphy was still on trial before the superior court today. The defense closed its direct case last evening and this morning the prosecution put on several witnesses in rebuttal. One of which rebutted the testimony of the defendant that the deceased, Lawrence, made a movement to his hip pocket, as if reaching for a gun, by proving that the trousers worn by all soldiers do not contain any pockets whatever in the rear. The witnesses for the defense were also contradicted in a number of other instances by the witnesses this morning for the prosecution. The testimony was concluded a little before the noon recess and the argument commenced at 1:30. The opening argument was made by Assistant County Attorney Bruce Stevenson, who briefly called the attention of the jury to the facts in the case. He was followed by Attorney Frank Doan, for the defense, who occupied about an hour in trying to convince the jury that his client was guilty of the charge as preferred against him by the State. He was followed by County Attorney John F. Ross, who took about an hour and made of forceable argument to the jury that the defendant was guilty of a deliberate, premeditated murder and that he had the murder in his mind at the time just a few hours previous when he purchased the gun with which to do the deed. The general opinion of those who have been following the case is that the State presented a very strong case. The instructions were given to the jury and the case finally submitted to them about four o'clock.

His case will be the last criminal case to be heard for a couple of weeks as the trial of civil jury cases begins on Monday next. There will be quite a number of cases to be taken up upon the completion of the civil jury cases. Tomorrow, being Arbor Day, there will be no session of the superior court unless to receive the verdict of the jury in the Murphy case. Saturday will be law day and there are a number of cases set down in which the argument of the law points will be taken up.

Has Hard Trip.

Deputy Sheriff Harry Rafferty returned last evening from a trip to Florence, where he went with a lot of prisoners and an insane patient. They left here last Sunday, going to Tucson by train and from there to Florence by auto. It required two machines to carry the party and they left Tucson about two o'clock and arrived at Florence at seven. The road is somewhat rough and not very good time is made. He stayed overnight at Florence until the next afternoon and then went on to Phoenix. They have tree ferry boats working across the river at Florence, about two hundred yards of the approach to the bridge on this side having washed out. It takes a day to make the trip from Florence to Phoenix and return. From Florence back the trip is made by auto but does not arrive in Tucson in time to catch the afternoon train over the Southwestern so that it takes nearly twenty-four hours longer. Rafferty states from what he heard that it will be some time before the railroad is opened between Phoenix and Maricopa. Deputy Brakesfield, who went with him, returned first from Florence.

Case Dismissed.

The case of the United States vs.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

25-Cent Bottle Destroys Dandruff and Doubles Beauty of Your Hair.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine. —Advertisement.

Cottolene

"The Natural Shortening"

Until Cottolene was offered, people thought—and rightly—that most fried foods were greasy, indigestible and unhealthful. But Cottolene was quickly found to be a frying aid which actually made foods better tasting and better to eat.

None of the good flavor of the food is allowed to escape; the cooking process is rightly finished and the digestibility of the food is retained along with tempting taste.

It is this natural quality of Cottolene which also makes it so superior for pies, pastry, biscuits, cakes and all shortened foods.

Try Cottolene—order a small pail from your grocer. Then arrange with him for a regular supply.

Write to our General Offices, Chicago, for a free copy of our real cook book "HOME HELPS."

"Cottolene makes good cooking better"

KAISER'S PALACE FRENCH HOSPITAL; AUSTRIANS IN MONTENEGRO

Kaiser's palace on island of Corfu taken by French; Austrians pushing Montenegrin invasion.

"Achilleion," the palace of the emperor of Germany on the island of Corfu off the west Greek coast, has been seized by the French and converted into a military hospital. In the meantime, the white snows that cover the hills of Montenegro are dyed in many places a vivid scarlet, where the life blood of the sons of the little empire is being given in an effort to stem the tide of Austria's advance.

Leonard Mellgren, charged with conspiracy to smuggle yen, was ordered dismissed before Commissioner Fowler last evening. Jesus Ybarra, better known as "Pelon", who was implicated in the transaction and who confessed to the U. S. officers at Douglas that Mellgren had sent him after the stuff, refused to testify here upon the advice of his counsel, Frank Doan. Ybarra was held on a \$250 bond to await the action of the United States grand jury in Tucson. He succeeded in giving bond last evening after being held in jail about six weeks.

LABOR BILL PASSED.

WASHINGTON, Feb. 3.—The Keating bill prohibiting the shipment of interstate commerce and goods produced in mines and quarries, by children under sixteen, or by children under fourteen in manufacturing was passed by the house; it goes to the Senate now.

OFFENSIVE IMMINENT.

LONDON, Feb. 3.—Austro-German offensive against Saloniki is imminent according to advices received by way of Athens. It is stated that the Greek Strumitsa railway has been repaired and Field Marshal von Mackensen is at Monastir. It is also stated that a portion of the Montenegrin army has effected a junction with the Serbian troops and fallen back on Durazzo.
